

Scan+TransGroup Press Release

90 Stations, 5 Continents...1 Goal

Date: January 13, 2010

Seattle, Washington - TransGroup Worldwide Logistics, in its ongoing efforts to enhance its portfolio of service offerings and to best serve its customers needs, is proud to announce that it has taken a significant step forward in its development through formation of the Scan+TransGroup Global Logistics Group with Scan Global Logistics.

TransGroup has worked with Scan Global Logistics A/S, a leading full service freight forwarder and logistics provider based in Copenhagen, Denmark and with over 40 stations globally, for over a decade. Greg Vernoy, Managing Director and one of the founders of TransGroup, states "We are truly excited about this development and its positive impact on TransGroup and Scans' abilities to offer a global presence with unified services in 90 stations worldwide, thereby increasing our mutual reach and depth in the marketplace".

Ole Sorensen, CEO of Scan Global Logistics A/S adds, "The top tier capabilities of the 40+ TransGroup stations that we will be able to offer our customers is unparalleled with any other firm in Scandinavia and exhibits the forward global thinking in challenging times for which Scan Global Logistics A/S is known. This is truly a dynamic competitive advantage for both Scan Global Logistics A/S and TransGroup Worldwide Logistics."

Together, this is a truly global group formed through cross investments, unified IT systems and shared management and development goals. With 90 stations spanning 5 continents and combined annual gross revenues exceeding \$600 Million (USD), the formation of this Group strengthens each company's competitive advantages to compete even more effectively in the global market place.

Scan Global Logistics A/S and TransGroup Worldwide Logistics, two very powerful and widely recognized trade names in their home markets, will continue to operate under their respective trade names.
